

U. S. OBSERVERS WILL ATTEND TURK PARLEY

America Cannot Officially Take Part Because Not at War With Turkey.

REPLY TO 3 POWERS

Britain, France and Italy in Note Had Requested Active Participation.

TO DISCUSS THE STRAITS

Washington, Prompted by Interest in Near East, Will Comply in Part.

WASHINGTON, Oct. 28.—Secretary Hughes has instructed Ambassador Harvey at London, Herrick at Paris and Child at Rome to notify the British, French and Italian governments that the United States cannot officially participate in the Lausanne peace conference because it was not at war with Turkey.

In view, however, of its important interests in the Near East the Washington Government will designate observers to be present during the Lausanne negotiations.

Active participation by the United States in the conference was requested earlier in the day by the British, French and Italian Governments through their diplomatic representatives.

The invitation was handed to Secretary Hughes by Sir Auckland Geddes, the British Ambassador, who was accompanied to the State Department by M. de Chambrun and Signor Rossi. Charges d'Affaires of the French and Italian embassies. They spent three minutes in the Secretary's office and left with little hope that the invitation would be accepted.

The text of the invitation follows: "The Governments of Great Britain, France and Italy are inviting the Governments of Japan, Rumania, Yugoslavia, Greece and Turkey to send representatives to Lausanne on November 13 to conclude a treaty of peace to end the war in the East. They are also inviting the Russian and Bulgarian Governments to send representatives at a date to be fixed later to participate in the discussions which the conference will undertake in the course of its proceedings in the subject of the Straits."

"The three principal allied Powers recall that a representative of the United States Government was present at San Remo in the final stages of the proceedings of the Supreme Council, which led to the drafting of the treaty of Sevres in 1920. They would welcome the presence of a United States representative at Lausanne in a similar capacity or in a more active capacity, especially in the discussion upon the question of the Straits."

KEMAL OFF TO MEET BRITISH COMMANDER

Angora Agrees to Lausanne, but Is Not Enthusiastic.

SPECIAL CABLE TO THE NEW YORK HERALD. Copyright, 1922, by THE NEW YORK HERALD. CONSTANTINOPLE, Oct. 28.—Mustapha Kemal Pasha has left Bursa for an unknown destination, according to persistent but officially unconfirmed rumors, to meet Lieut.-Gen. Sir Charles Harington before the peace conference.

The Ankara Government has overcome the opposition of the extremists in the Assembly against holding the conference in Europe, and it will meet in Lausanne. However, the Nationalists are not enthusiastic over the western city, which they regard as "the center of Greek and Armenian propaganda," and would prefer some place in Italy or France.

Questioned by THE NEW YORK HERALD correspondent regarding the resignation of Yusuf Kemal as Nationalist Foreign Minister, Hamid Bey, declared reports false which ascribed Yusuf's resignation to an estrangement between the Ankara leaders and the Soviet Government. For many months, he said, Yusuf had been sick, and it would have been suicidal for him to attempt to carry on his work. "Tales of Russian concentrations in the Caucasus Hamid described as a myth. It is generally believed in Turkish circles that it will be necessary to postpone the peace conference."

CONSTANTINOPLE, Oct. 28 (Associated Press).—The Sultan's Government has accepted the invitation of the Allies to the conference, it was announced today.

ATHENS, Oct. 28.—Greece will be represented at the conference by her former Premier, Eleutherios Venizelos, and the Greek Ministers to London and Paris. It is definitely learned. Gen. Mazanakis will attend as Greek military expert.

BRITISH LABOR PARTY SEEKS WOMEN VOTERS

Dr. Phillips Says They Won't Follow Their Husbands.

LONDON, Oct. 28 (Associated Press).—How will the United Kingdom's 8,000,000 women voters cast their ballots? This question is puzzling many astute politicians, and the leaders of the Unionist, Liberal, Labor and other parties are seeking the answer. Meanwhile all are seeking to bring the women to their respective political folds and making counter claims as to how many of these votes they are assured.

"The trouble with the average British middle class woman is that she is too ignorant politically, and to-day she forms a big percentage of our voters," declared Dr. Martineau, the head organizer of the women's section of the Labor party, in commenting on this point.

"As only women above thirty years or property owners are able to vote at present, they are mostly married. However, the Labor women are more intelligent and won't vote as do their husbands."

Asked if there was a possibility of a woman being chosen a member of the Cabinet as a result of the general elections, Dr. Phillips said:

"We haven't many women with the necessary political experience. So far we have but two in Parliament, of whom one is Lady Astor, who is surely not fitted for any such responsible position. The British Labor party is making great efforts to educate and to get the women's vote in this election. I have no doubt we shall surprise some of the parties which hope to make the women vote the same way as their husbands."

WEEK'S COAL OUTPUT LARGEST SINCE STRIKE

Production Nearly Adequate, Says Geological Survey.

WASHINGTON, Oct. 28.—Increased coal production this week, the Geological Survey reported to-night, brought the output to a point "approaching adequacy," but still failed to supply much of a margin for storage.

Railroad loading figures indicate a turnout of 12,500,000 tons, of which 2,608,000 was anthracite and the rest bituminous. This total is greater than production in any week since the settlement of the strike.

On Monday, the report said, railroads loaded 43,243 cars of bituminous coal, the largest number in transportation in any one day for two years.
